EASTER JAM

GET READY FOR EASTER JAM!

Below is an overview of the two activities in the Easter Jam video. It's a good idea to read over the directions prior to starting.

Activity 1: Easter Egg Roll

Family members battle it out to see who can be the first one to roll their egg to the finish line!

Directions: Gather the supplies listed on the front. Find a place in your house where your whole family can line up side by side as if you are on a starting line. Then create a finish line on the floor as far as you can from the starting line.

When the timer starts, you will start rolling your egg from the starting line to the finish line. The first family member to get their egg to the finish line WINS!....But, wait, wait, wait! You can't just roll your egg with your finger! No, that's too easy.

Instead, you have to roll your egg with your nose! BOOM! Okay, everybody ready?!

Activity 2: Bust Your Bunny

One half of the family challenges the other half to see who can bust their bunny apart and then glue it back together using only frosting!

Directions: Gather the supplies listed on the front. Each team using one bunny and sharing the frosting.

Cover the chocolate bunny with the hand towel to prevent any flying pieces and then give each bunny a whack with the hammer. Trust me, don't go crazy here. One solid smack will do!

Once everyone has properly busted up their bunny, the game is ready to begin. Your whole family will count to three and then begin gluing the bunny back together with the frosting. The first team to complete the task wins! If desired, share your photos of reconnected bunnies on our Kidsrock or Parents of Teens Facebook pages!
