

# Family Fun Restaurant

## Menu and "\$Prices"

Use the following menu and "prices" to make dinner into a fun restaurant experience. Be creative with making up different "prices" to get each food item or use the ones suggested. Get ready for some craziness and hopefully lots of laughs!

### **Appetizers - \$Find 'em, to eat 'em**

Hide individual plates of apps and give clues or play hot/cold

### **Main Entree/Protein - \$3 baskets**

Make a basketball hoop (laundry baskets work great) and have everyone make three shots to get the main entree

### **Add-Ons - \$Encouraging Comment**

Say something encouraging to get condiments, sauce, or bread

### **Veggies - \$Draw and Guess**

Draw a picture and have people guess what it is to get your veggies

### **Fruit - \$Memory Verse**

Say a memory verse (can be looked up if necessary) to get your fruit

### **Dessert - \$Sing, Dance, or Play a Song (max 2 desserts)**

### **Bonus Drinks - \$Do Something Kind for a Family Member**

To get juice or seltzer or another fun drink after you drink your first drink say something kind to a sibling

### **Other Ideas for \$Payment:**

Whistle

Do jumping jacks

Write out a request

Say something you're grateful for

Say something awesome about God
